## CAREER OBJECTIVE

To gain employment with a company or institution that offers me a consistently positive atmosphere to learn new technologies and implement them for the betterment of the business.

## STRENGTHS

- Ability to work well under pressure
- Ability to identify and resolve problems effectively
- Capability to follow detailed & organized procedures
- Good rapport building and Multitasking capabilities
- Adaptability and Tolerance
- Resourceful
- Active listener – willing to learn and listen

## COMPUTER SKILLS

**Languages:** C, C++, Visual Basic, VB.NET, PHP, ASP.NET, HTML
**Database:** SQL, Microsoft Access

## WORK EXPERIENCE

**HP Technical Support Specialist (SITEL Philippines) –** August 2015 to February 2016

## PROGRAMMING PROJECTS

**File Security and User Management System –**Software used to manage users and files in the ACLC (AMA Computer Learning Center) Software Laboratory. Segregates files for different users and stores each file in a single file server which allows users to access their files from any workstation in the laboratory. It also serves as a computer lock for each workstation to prevent unauthorized computer usage. The developers used Visual Basicand MS Access as database.
